# WEATHERPROOF TEMPERATURE SENSOR WITH PROBE
Model YS8004-UC

**YOLINK**

HANGING
LOOP & CORD

BATTERY
COMPARTMENT
COVER (REAR)

FLEXIBLE PROBE CABLE
LENGTH: 3.28" (1 METER)

DIMENSIONS:

inches
(millimeters)

.87"
(11)

2.44"
(62.0)

2.44"
(62.0)

FRONT   SIDE   TOP

FEATURES:

Outdoor temperature sensor with wide-range temperature probe, with remote viewing and management via the Android/iOS app. Monitors and records ambient conditions, with responses to predefined abnormal conditions in the form of smartphone push notifications (including Critical Alerts for iOS phones), emails, SMS/text messages, and device actions, for example SpeakerHub audio broadcasts of tones/sounds and verbal messages.

APPLICATIONS:

Commercial and residential refrigerator, freezer, cooler temperature monitoring. Pool, hot tub, fish tank water temperature monitoring. Wood boiler, hot water, steam, pipe temperature monitoring. Beekeeping, brewing and composting applications. HVAC, heating, cooling, ventilation monitoring and management (relays, smart plugs, outlets and switches purchased separately).

SPECIFICATIONS:

Sensor Housing IP Rating: IP67 Waterproof

Probe Cable Temperature Range: -40°F to 221°F (-40°C to 105°C)

Sensor Operating Temperature Range: -22°F to 158°F (-30°C to 70°C)

Alert Temperature Range: -22.9°F to 221°F (-30.5°C to 105°C)

Temperature Accuracy: 0.1 (°F/°C)

Two AA Lithium Batteries Included
