

WEATHERPROOF TEMPERATURE & HUMIDITY SENSOR

YOLINK

Model YS8005-UC

FEATURES:

Outdoor temperature & humidity sensor with wide-range temperature probe, with remote viewing and management via the Android/iOS app. Monitors and records ambient conditions, with responses to predefined abnormal conditions in the form of smartphone push notifications (including Critical Alerts for iOS phones), emails, SMS/text messages, and device actions, for example SpeakerHub audio broadcasts of tones/sounds and verbal messages.

APPLICATIONS:

General indoor and outdoor temperature and humidity monitoring. Commercial and residential refrigerator, freezer, cooler temperature monitoring. Document storage, humidors, child care, pet & livestock care, humidity monitoring and control, HVAC, heating, cooling, ventilation monitoring and management (relays, smart plugs, outlets and switches purchased separately).

SPECIFICATIONS:

Sensor Housing IP Rating: IP67

Sensor Operating Temperature Range: -22°F to 158°F (-30°C to 70°C)

Alert Temperature Range: -22.9°F to 221°F (-30.5°C to 105°C)

Alert Humidity Range: 0 to 100%

Temperature Accuracy: 0.1 (°F/°C)

Humidity Accuracy: 0.1%

Two AA Lithium Batteries Included
